**"Education in Love in Place of Fear"**

Dear friends,

We are happy to be able to send you the document on "Education in Love in place of Fear", which is the original document containing our Founder's speech that he gave at the 3rd International Congress on Moral Education, held in 1922 in Geneva. This pamphlet was produced for the World Scientific Congress "Education and the World Scout Movement: Experiences and Challenges", held in Geneva in November 2007, as a conclusion to the Centenary.

The whole historical interest of this document, as described in the introduction, lies in that the themes discussed by the Founder are modern ones, and that this speech was given in a scientific framework, right after WOSM's constitutional conference.

If you are interested in adapting this document and publishing it in your country, please contact:

I wish you a fruitful discovery of the document and would like to suggest that you share it on Founder's Day, on February 22nd.

Best regards,

Luc Panissod  
Acting Secretary General
