Dear International Commissioner,

Invitation to attend CBR Moot
13th Asia-Pacific Region / 21st Australian Rover Moot
December 2019 – January 2020

G'day from Australia!

I am writing to you regarding the 13th Asia-Pacific Region Moot / 21st Australian Rover Moot. I take this opportunity to officially invite your National Scout Organization (NSO) to send your Rovers and Leaders to attend CBR Moot to be held in Canberra at Camp Cottermouth from 30 December 2019 to 10 January 2020.

CBR Moot will include a wide and varied programme showcasing the theme of "Creating Better Rovers". This Programme will include five days of an expedition phase as well as seven days of the participant's choice of onsite and offsite activities. Activities will provide a chance to experience local attractions and traditions as well as core scouting skills.

All male and female members of your NSO between the ages of 18 years and under 26 years at the time of our event (born between 30 December 1993 and 30 December 2001) are eligible to attend as participants. We also encourage your members over the age of 26 attend as a part of the International Service Team.

I am sure that for many of you a trip to Australia would be a marvellous experience and Scouts Australia looks forward to welcoming your Scouting members to our great country.

Once you appoint a Contingent Leader, we will be able to support them and your NSO in recruiting a large contingent to this event to experience everything that Australia has to offer.

We have provided an information pack as well as some promotional material for you to use within your country. This pack includes information about Australia and Canberra where CBR Moot will be held. I ask that you advertise this event throughout your association in all of your national magazines and newsletters. If we can be of any further assistance, through the supply of additional information, please do not hesitate to contact our office.

Scouts Australia is also pleased to offer a scholarship program for members of WOSM Category A and B countries. Further details are available in the information pack provided.

Applications will open in the coming weeks and will close for all international participants on 30 June 2019. More information about how to register and upcoming important dates can be found on our website or Facebook.
