Living the Dream

Welcome to
*Kandersteg
International Scout
Centre, the World
Scout Centre.*

The Founder of Scouting, Lord Baden-Powell, once dreamed of a Permanent Mini Jamboree; a place where Scouts can meet, live in peace and learn from each other. In 1923 Baden-Powell's dream came true, when Kandersteg International Scout Centre was founded.

Located in the heart of Swiss Alps, in Kandersteg, the Centre serves as an accommodation and outdoor activity centre where you can come with your Scout group, friends and family, or a school class, all year round!

*Soon the fire of friendship
spreads from one to
another, and bonds are tied
which will last a lifetime,
and everyone on returning
home is richer for memories
and dreams of Kandersteg.*
