Submission of Project Proposal for Grant from APR Scout Foundation - 2005

Dear Colleagues:

The Asia-Pacific Regional Scout Foundation invites member Scout organizations in the region for the submission of projects.

Kindly send your project proposals using the attached form for the allotment of grants for the year of 2005. Last date of receiving project proposals is 15 January 2005. After passing through the approval process, the selected projects will be intimated to the concerned NSOs by 30 June 2005. Any NSO who has submitted a project proposal in the past and was not approved may fill up a fresh form for possible consideration for this year’s grant.

Let me draw your attention to the recent decision of the Foundation Management Committee whereby the grant for the foundation will be approved only upon acceptance of providing a matching amount from the NSO concerned. Therefore the concerned NSO should be prepared to provide a matching amount almost equal to the amount requested from the Foundation.

Looking forward to your response.

Yours Sincerely,

[Signature]
